MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Support of the DOD Priority Placement Program

1. The Priority Placement Program (PPP) is the primary method used by the Department of Defense to minimize the adverse effects of reductions in force, base closures and realignments, contracting out, return from overseas, and transfers of function.
2. I fully support the PPP and its components, including the DOD Military Spouse Preference Program and the Department of the Army Family Member Placement Program. We have and will continue to utilize these programs to their fullest extent when filling civilian positions at this installation.
3. Addressees should ensure all subordinate managers and supervisors are fully aware and supportive of the PPP. Questions regarding PPP operations and requirements should be addressed to your human resource advisor at the Civilian Personnel Advisory Center.
